

Life is Fragile

Please help us continue to protect it.

Each and every day, many precious lives are lost because women in our own community feel they have no options. The overwhelming truth is that our clients' often state, **"I have NO choice, I must have an abortion!"**

As you read this today, these fragile lives hang in the balance. Because 1 out of every 3 women have experienced an abortion, it is very likely that you know someone who suffers from the devastation and after-effects of abortion. Sadly, our society has reduced the life of an unborn child to a "choice" and denied help to these women in their greatest moment of need.

What are we called to do, as members of Christ's body? What can you do to help protect these women and children? We invite you to partner with us at the PRC and give these women a real CHOICE! The Pregnancy Resource Center of Fort Bend County is here to give women the TRUTH in love, and to help meet their needs, enabling them to choose life for their children.

All of our services are free of charge. We offer pregnancy testing, a 24-hour hotline, confidential counseling, ultrasound and community referrals, material help, and factual information regarding fetal development, all in a non-judgmental setting. There are many ways you can help...

"The counselor asked me, 'If you are pregnant today, what are you considering?' And I know that is the main thing that stuck with me out of everything she had said. I said, abortion. ... I am just thankful that I didn't abort my baby, because now I have the best of both worlds, a little girl and a boy."
